Providing low-interest  
loans for assistive  
technology in California.

## What is FreedomTech?

FreedomTech provides low interest financial loans to Californians with disabilities to purchase assistive technology.

FreedomTech is a project of the California Foundation for Independent Living Centers and was established with funding from the U.S. Department of Education, Rehabilitation Services Administration.

## What is AT?

Assistive technology is any device, item, piece of equipment or product designed to make life easier for a person living with a disability or age related limitations.

## What AT can be purchased?

FreedomTech loans can be used to purchase a variety of assistive technology including but not limited to:

- Hearing aids
- Wheelchairs
- Vehicle modifications
- Computers/tablets
- Software
- Home modifications like ramps

## Who can apply?

To be eligible, loan applicants must meet the following requirements:

- 18 years or older
- California Resident
- Identify as an individual with a disability or representing someone with a disability
- Demonstrate the ability to repay the loan

## What is the interest rate?

The interest rate is currently 6% which is fixed for the life of the loan. Borrowers can lower their interest rate to 5.75% by signing up for automatic payments (ACH).

## What are the loan terms?

Flexible payment terms are available from 6 months to 5 years depending on the usable life of the equipment and the amount applicants can afford.

## What are the fees?

There is a one time origination fee equal to 1% of the amount borrowed. This means that for every \$1,000 borrowed, there is a \$10 origination fee charged. The origination fee can be financed into the loan so there are no out of pocket fees or paid at closing to reduce interest charges.

## Where can individuals learn more about establishing and building credit?

We have a variety of resources available on our [freedomtech.org](http://freedomtech.org) website or you can call us at 916-737-5358 to speak with a staff member.
